

SRINIVAS BELLARI CHENNA

SUMMARY

Business-oriented Solution Architect having 10 years of IT experience with design & development of eCommerce solutions using SAP Commerce Cloud, Commercetools and Spring based Microservices.

WORK EXPERIENCE

Solution Architect / IT Consultant

Diconium GmbH (Volkswagen Group)

Feb 2018 – Present

Working as Solution Architect, designing and building next generation automotive ecommerce platforms.

- Designing state of the art e-Commerce solutions for leading Automotive brand with MACH (*Microservices based, API-first, Cloud-native SaaS and Headless*) approach
- As a Solution Architect I planned and executed all projects with focus on delivering robust and scalable architecture. Among other functions I developed project technical solutions, roadmaps, estimates and timelines.
- Managing activities for component development supporting business objectives while providing expertise in software development lifecycle phases from solution concept, solution design to implementation.
- Responsible for communicating the solution architecture to the stakeholders. Collaborated with cross-functional teams and coordinated with Enterprise architects.
- Experienced in designing and developing API's to interact with external systems considering the risks, data integrity and security aspects.
- Successfully delivered the projects within budget and timelines.

Senior Java Hybris Consultant

Accenture Noridics, Riga (Latvia)

Jun 2017 – Jan 2018

- Worked as Hybris Solution Architect and Lead developer for a Leading Austrian jewelry brand. Provided consultation with design decisions and approaches for the Hybris application Lifecycle Framework
- Lead the SAP Commerce Practice setup from Technological front. On the sales side provided Solution Proposals for RFPs. Additional activities including Boot Camps organisation, Technical & Recruitment Presentations, Hiring and onboarding.

Senior Associate Consultant – SAP Hybris

Publicis Sapient, Bangalore (India)

Jan 2016 – Jun 2017

- Worked in multiple eCommerce projects as a lead developer and Consultant/Architect
- Technical contributor in Strategy & Leadership team of SAP Commerce Capability.
- Mentored fellow junior and senior developers
- OMS & OCC capabilities implementation using SAP Hybris & MuleSoft based integrations
- Design and implementation of Rule engine based promotions

JAVA & SAP Hybris Developer

Infosys Ltd, Bangalore (India)

Feb 2012 – Dec 2015

- Worked in multiple eCommerce projects (for Leading brands from France, Japan, USA and UK) as a developer and lead developer.
